SCHOOL- BASED HEALTHCARE SERVICES

Rural Health Services, Inc.

DENTAL | NUTRITIONAL SERVICES

Where can my child receive services?

We provide care to children in 25 different Aiken County schools. Services will be provided in the school building or through the Clyburn Community Health Express once the mandatory parental consent form is on file.

How do I schedule an appointment?

A parent can pick up an enrollment form at the school office. The form is also located on the school and RHS's website. Once the form is turned in, an appointment will be scheduled for your child.

Rural Health Services, Inc. provides accessible, quality, comprehensive primary healthcare services in a dignified and culturally-competent manner to the population in Aiken County and surrounding areas.

What services do we provided?

Well Child Exams:

- Screenings (urine and blood)
- Head to toe examination
- Behavioral-health screening
- Parents will be contacted if additional medical attention is necessary.

Dental Care

- Basic dental screenings
- Oral prophylaxis
- Fluoride applications
- Sealants
- Diagnostic screenings
- Fillings
- Periodontal therapies
- Parents will be contacted if additional dental care is needed.

Behavioral Health

- Screening to identify behaviors that may hinder success in school, home, or community.
- Counseling or interventions will be provided with parental consent.
